

painful and debilitating symptoms of tick-borne infections.

Lyme disease is the most prevalent vector-borne disease in the United States, with over 145,000 cases reported to the Centers for Disease Control and Prevention since 1982. The actual number of cases may be 3–5 times that reported and costs related to tick-borne infections may exceed two billion dollars a year. Over the last decade, ALDF has increased public awareness about Lyme disease tremendously. Furthermore, many of the scientific advancements made by ALDF supported research have significantly increased our understanding of Lyme disease and the best methods for preventing and treating the disease.

I salute the leadership of ALDF for their vigilant work to raise public awareness about Lyme disease and to increase the body of medical knowledge available for the prevention and treatment of the illness. In particular, I applaud the members of the ALDF Board of Directors, Chairman Anthony J. Walton, and Executive Director David L. Weld. I also want to recognize my friend and constant advisor on the issue of Lyme disease, Richard E. Gray, who is also a Member of the ALDF Board of Directors. ALDF's esteemed Council of National Scientific Advisors deserves recognition as well, for their innovative research on Lyme disease. This research remains critical to the health and well-being of thousands of communities in high-risk areas, especially in the Northeast region of the United States.

ALDF plays a key role in providing reliable and scientifically accurate information to the public and to health care providers regarding Lyme disease. Recently, the ALDF, in collaboration with the Dutchess County Department of Health and the Institute of Ecosystem Studies in Millbrook, NY, received a grant of \$300,000 for the first of a three year grant period from the Centers for Disease Control and Prevention to institute a community-based integrated management plan to significantly reduce reported cases of Lyme disease and other tick-borne infections within a target community. I congratulate ALDF for creating this innovative project and trust that when implemented, it will become one among many of ALDF's successful public awareness campaigns.

Mr. Speaker, I am proud to pay tribute to the American Lyme Disease Foundation, Inc. in recognition of the Foundation's honorable mission and distinguished record of achievement.

TRIBUTE TO THE NORCO LIONS
CLUB ON THEIR 50TH ANNIVERSARY

HON. KEN CALVERT

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, May 1, 2001

Mr. CALVERT. Mr. Speaker, Mr. Speaker, I am honored today to pay tribute to the Norco Lions Club as they prepare for their 50th Anniversary Celebration to be held on Saturday, April 28th. In my congressional district of Riverside, California, we are fortunate to have numerous community service organizations that not only unselfishly give their time and talents to the community but find their own lives enriched in return. The Norco Lions Club epitomizes this and more.

Lions Clubs International, the world's largest service club association with over 1.6 million members, was founded in 1917 by Melvin Jones with a simple mission—"We Serve." Ever since, Lions Clubs across the world have been dedicated to helping those less fortunate in their communities and around the world. Lions Clubs International's goals pivot on their commitment to aiding the blind and visually impaired, followed by their dedication to serving young people—encouraging youth to serve their community without personal financial reward, with efficiency and high ethical standards in commerce, industry, professions, public works and private endeavors.

The Norco Lions Club, the largest in their district, encompasses the majority of both Riverside and San Bernardino Counties. Services to the community are eye-sight programs, including eye exams and eye-glasses for children in need, and blood drives. Additionally, Norco Lions Club has founded or helped to establish the Norco Boy Scout Troop 33, Mira Loma Swan Lake Lions Club, Norco Lioness Club, Swan Lake Lioness Club, Norco Leo Club and other local community organizations. Youth outreach offers a Student Speakers

scholarship program, International Peace Poster Contest, 4-H Clubs, Boy Scouts, Future Farmers of America Scholarships, D.A.R.E. programs, sports programs and local high school programs.

Mr. Speaker, volunteers are critical to fostering a spirit of understanding, good citizenship and good government in the United States and worldwide. By working so closely with the youth of today, Norco Lions Clubs, and the clubs around the world are assuring that "an active interest in the civic, culture, social and moral welfare" of our communities is passed on from generation to generation. I congratulate the Norco Lions Club on its 50th anniversary, commend its local community and international service, and wish them success for another 50 years to come.
